Cambridge

Cambridge is globally recognised as a hub of international education and of English language learning, making it a great place for students to study.

Thanks to the great number of cultural and historical points of interest, in Cambridge you will never have a dull moment. You can take tours around the university buildings, enjoy time in a cafe, shop in the Grand Arcade or walk around the charming streets of the city. You could even try punting! There are also plenty of green areas where you can play sports or relax.

Cambridge is close to other major cities and sights. London is only a short 45 minute train journey away. Stansted airport is just 30 minutes from Cambridge and Heathrow can be reached in 1.5 hours.

Top 5 things to do in Cambridge

1. Visit King's College

King's, founded in 1441 by Henry VI, lies on the River Cam and has its own imposing Gothic chapel. It boasts many famous alumni from scientists like Alan Turing to novelists such as EM Forster.

2. Go punting

Loved by staff and students alike, a relaxing punt along the Cam under a blue, sunny sky is the perfect way to spend your afternoon after class.

3. Take Tea at Grantchester Orchards

Get a taste of the British countryside by walking to the village of Grantchester and taking tea and scones in the Orchard Tea Gardens, following in the footsteps of Rupert Brooke, Virginia Woolf, EM Forster and John Maynard Keynes.

4. Visit one of the many great museums

Cambridge has many famous museums, including the Fitzwilliam, which always provides an interesting excursion for Select students.

5. Quality shopping

Ted Baker, Apple, Fossil, John Lewis, Kurt Geiger, Levi's, L.K Bennet London – these are just some of the fashion and technology outlets that can be found in the centre of Cambridge, not to mention the ever popular Primark.

Milay Molina Zambrano
Venezuela

I came here in June and will be studying here for 9 months. I came to Cambridge because it's famous for working and studying.

My teacher, Gordon, is fun and he speaks beautifully.

Our Students

Students come from all around the world to study at Select English. Last year we had students from 58 different countries studying with us.

Our students are here for a variety of reasons, some studying for their IELTS exam, some want to improve their English for academic study and others are here for just a couple of weeks to brush up their language skills and get to know more about Cambridge and the UK.

“The high quality of teaching and individual support results in very good student attainment.”

Greta Breddemann
Italy

I like Select English because it is really welcoming and the social staff and teachers are great. Heather took us out for dinner the other day which I really enjoyed.

Jung Hoon Shin
Republic of Korea

My classmates are very nice. Everyone is from a different country. There aren't too many people in the group, which gives me more opportunities to speak and practise.

Haruka Homma
Japan

The Director has helped me to find the right class so that I can improve what I need the most: my speaking and listening. This is difficult for people from Japan so it is important for me to improve these skills.

Courses 16+

As a family-run school we take a personal approach to our classes. Our ethos is: your progress matters. That is why we have small class sizes on our courses and include one-to-one tutorials to ensure that your learning goals are met.

Course Types

We offer general English and intensive English courses as well as IELTS exam preparation.

Teachers

We have a dynamic and enthusiastic teaching team who all hold recognised teaching qualifications. They are specialised in teaching English as a foreign language, and have years of experience in helping students improve and prepare for exams.

Content

All levels have an ongoing twelve-week syllabus, and progress is monitored throughout the course – this is greatly helped by regular, one-to-one tutorials with teachers.

Levels

We offer courses from Elementary to Advanced levels. On the first day you will take a test to assess your current level of English. Teachers then monitor progress in class, through regular tests and in one-to-one tutorials to help you measure your progress.

Objectives

On our courses you will learn how English is used in real life. You will focus on the practical use of the four skills (reading, writing, listening and speaking) in every-day situations. In addition to text books, our teachers supplement classes with authentic resources such as newspapers, the internet and video clips.

We encourage everyone to actively participate in lessons and understand that students learn best by doing. Our classes have a relaxed and supportive atmosphere and we aim to make learning enjoyable and fun.

IELTS

The IELTS exam opens doors for global opportunity and mobility. It is recognized worldwide, has a user-friendly format and takes place on a frequent basis. It is aimed at students of English who wish to study or work in institutions where English is the language of communication.

It is taken by approximately 1.4 million students annually, and our teachers are experts in preparing students for this exam. The exam focuses on the four key skills: speaking, listening, reading and writing. The course syllabus and Select teachers ensure that lessons contain elements that relate to the exam in order to help our students reach their goals.

If you are looking to obtain a qualification that states your level of English and is recognized by employers and institutes globally, what better way to prepare than to come to our internationally renowned teaching centre with experienced, qualified and caring staff?

Assessment

When learning a different language, one of the most important areas is knowing what to do next. Thanks to our assessment system teachers and students always know what the next step is for making progress.

What?

We conduct regular progress tests to give indications of what students need to improve. On your first day you will take a test to assess your current level of English. You will also take regular progress tests to help you measure how your English is improving.

How?

We will help you identify your long-term and short-term objectives and you will have the chance to discuss your progress in regular one-to-one tutorial sessions with your teachers.
