WELCOME

Insight Study Greenwich has been offering and delivering English courses for adults and children since 2008. Our continued commitment to the student experience and to the development of courses and services has ensured we receive the best feedback, from students and groups from all over the world.

When we asked our students why they chose to study with us, they gave us five reasons:

1. Price: Students found our prices the most competitive in comparison to other local schools. We will not be beaten on our per-hour rate by any other accredited English school in London, we offer to match and beat any accredited school offer.

2. Location: It's a Greenwich thing! The Royal Borough of Greenwich is a real gem in London's crown. The school is on an ideal high street location for easy access from North Greenwich or Maze Hill Greenwich. With plenty of local shops, cafes and a brand new leisure centre with Library facilities just a short walk away, what more can you ask for?

3. Courses & method: we only recruit qualified teachers – with a minimum of qualification of a Cambridge CELTA or Trinity Cert.Tesol. We follow a structured syllabus with a course book. We use a communicative method, which encourages students to speak as much as possible in a supportive and stimulating environment. Our programmes provide a structured framework to ensure that all students learn quickly and effectively.

4. Facilities: students relax room, a library, refreshments (subsidised drinks machine) and a TV. We have a quiet room to spend some time on extra work or self-study, free Wi-Fi and computer room. 6 classrooms - all with multimedia setup.

5. Staff: our strength is in our administrative and operations staff. We aim to provide the best service and in London, no matter how long you stay.

“I have have been sending groups to Insight Study since 2009 and they are always very professional and helpful, best school in London”

MUSEUMS

There are over 240 museums in London, but you don't need to worry if you're sightseeing on a budget as most of London's top museums are free to explore.

THEATRE

London offers some of the world's best theatres, from world famous musicals to West End dramas and cutting edge plays. **The West End** has always been the world's most exciting theatre scene and the musical is the cornerstone of its success. Make sure you've got the best seats for London's best current must-sees such as *The Lion King*, *Mamma Mia*, *Thriller Live* or *Billy Elliott*.

Theatre-goers looking for a more 'traditional' experience can visit the **Globe theatre** and watch one of Shakespeare's plays. The Globe Theatre was designed as a replica of the open air playhouse designed in 1599.

The Royal Albert Hall is another of London's famous venues, opened by Queen Victoria in 1871. It hosts over 360 events which include classical music, jazz, world music, circus, rock, pop, opera, dance and comedy.

WALKS & TOURS

London is best seen on foot. But in a city so historically, culturally and geographically vast, walks and tours are designed as an aid to explore the city independently.

The main formal sights of London's South-bank tour are Tower Bridge, Tower of London, St Paul's Cathedral and Shakespeare's Globe Theatre, giving a better understanding of the city's past and present.

The Original Bus Sightseeing Tour with over 80 stops, 3 main sightseeing routes and countless photo opportunities, is another way to see London's main landmarks. They offer a comprehensive experience on foot, by boat and on board a marvelous fleet of London's famous red buses.

The street art walking tour can be a good opportunity to enjoy graffiti artists and their creations, which were once described as vandalism and were whitewashed and are now considered to be fine examples of modern urban art.

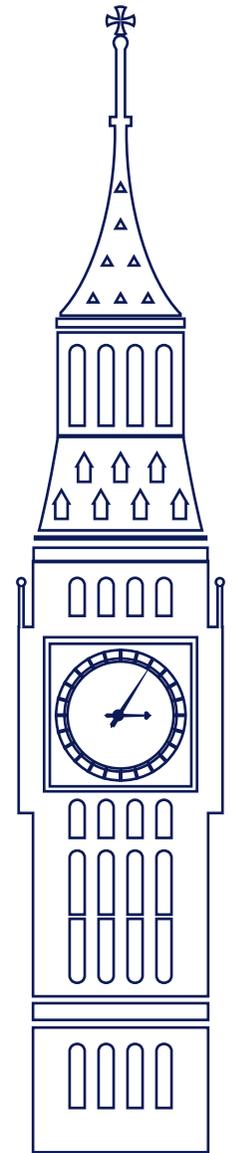

SHOPPING

The shopping in London is surely among the best in the world with something to suit every budget and style. Visitors from around the world flock to Knightsbridge to visit the illustrious Harrods, the finest luxury store.

Oxford Street is the obvious place to go if you want to visit every high street shop in one day. Home to the legendary Selfridges, it also boasts a range of famous department stores. Alternatively, stroll around London markets – Portobello, Spitalfields, Brick Lane and Camden Town are the best for fashion.

More than just a shopping centre, Westfield London is the largest urban shopping centre in Europe.

“All the staff are great, they are very friendly and helpful!”

– Max Pastore, Italy

WELFARE

At Insight Study we believe that students can only do well if an educational environment is safe, creative and compassionate. It is not a matter of helping a student when things go wrong; it is a matter of ensuring that things do not go wrong in the first place.

Our focus is on developing the student's language skills and also to make them more confident in and out of the classroom, to encourage them towards leadership and by setting challenges during activities and excursions.

We ensure that our teachers, office and activity staff are all Enhanced DBS checked. We ensure that they have the correct qualifications, and are adequately trained and briefed on all aspects of student living and welfare.

Should any issues arise we ensure that they are dealt with swiftly and appropriately. We understand that for many students it will be their first time away from home and our staff are trained to assist from day one. We ensure that we have staff available on 24 hours, this is by having a member of staff allocated to the group (if they are travelling as part of a group) and an emergency number for students/

teachers and parents to contact us at any time.

We provide all students with a UK sim card so that they have a number which any of the staff or host families can access easily.

All students are issued ID cards upon arrival at a formal induction into staying safe at the school and in London. The welfare officer is available at any time to deal with concerns you may have.

For adults (18+) you have allocated tutor time where you can talk about the course, living in London or other matters. If you are experiencing some issues, the you can make a one to one appointment to talk about private matters.

So whether our students are in the classroom, on excursion or any activity led by us we will ensure that safety and welfare is paramount. Overall we want the experience to be an enjoyable one, and for the students to achieve the best they can.
