In 1970 our Italian grandmother started her first summer school with a vision that remains at our core today.

As children and teenagers we, the directors, spent our summer holidays in the engaging international community that Manor Courses created.

These experiences ensure that every aspect of our summer school is successfully organised.

Ultimately this gives our agents and parents confidence in our professional and personal service.

“Language through friendship, friendship through language.”

We invite your young students to experience Manor Courses and...

Improve...

...all their English language skills and develop their confidence in English communication.

Participate...

...in the extensive and stimulating activity programme using our exciting range of leisure facilities.

Discover...

...the rich cultural, historical and leisure destinations of our region.

Make...

...friends for life with other young international students using English.

High Customer Satisfaction.

Here's what they say...

What a great experience! My children just love it! They have really improved their English. They enjoyed, they played, they traveled, they made a lot of friends, they just want to come back next summer! ... and they will...

Lucila - Parent of Christian and Arthur, from Venezuela

I made a lot of friends. The class and activities were very fun! And I had some good times in the excursions day! I want to go next year too!

Kato - Student from Japan

Unforgettable memories. Thank you all for the great time we spent together. Millions of thanks to the management, all the teachers and staff for creating such a great environment for our students to learn and also encouraged them to express their own thoughts and opinions. Everything was excellent. We really felt ourselves at home.

Yildiz and Emine - Group Leaders from Turkey

The family's attitude of this company is caring and great. Everything is very good: facilities, houses, dining and other things. The students gained confidence, independence and maturity. There are great options for communication with staff and it is very safe. The activity programme is rich. Excursions are perfectly organised and we felt safe and supported during every trip.

Sergio - Group Leader from China

I am very satisfied of my son's experience thanks to you! Everything was perfect. He learnt a lot following your courses. Thanking you so much, I send you all my best regards.

Monica - Parent of Gabriele, from Italy

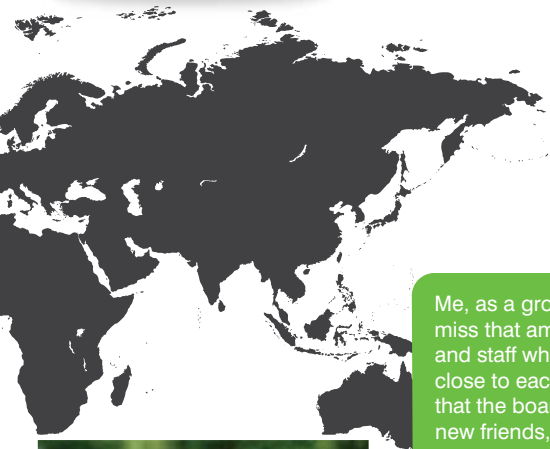

The course is of an excellent quality, staff is very friendly. All days are very well planned, excursions are interesting. Good summary of my daughter's feeling about the course is what she said while still there and just before coming back home - 'not sure what you are planning for the next year, but I am coming here.' Her English has definitely improved.

Parent of Emilia, from France

I enjoy the exercises in the lessons, it lets me calm down, and makes me think, it's really good. And I like the speaking exercises too. The activities, I enjoy and love so much. And the art teacher teaches us to feel, and to enjoy art.

Liu Jia Yi - Student from China

Very nice school, good teachers, friendly staff. Next year we'll return!

Gennady - Parent of Artur and Yuliy, from Russia

Me, as a group leader, I miss people I got to know there. I miss that amazing family that runs the school, the teachers and staff who throughout all the years have become very close to each other because of the care and atmosphere that the board of directors maintain. My students miss their new friends, teachers and activity leaders. Those energetic young people who were able to light up everything and everyone around! So, if you're looking for a summer school for the next year, Manor Courses Summer School is exactly what you and your child need. Approved by 9 Belarusian students and me.

Anastasia - Group Leader from Belarus

What a summer course our children have enjoyed and so have the other fabulous young guys from many places staying together. We are really grateful to the dedication of the teachers and MC team, who have made such occasion impressive and unforgettable. The boys also want to thank their teachers and good friends for helping them a lot so that they wish to see them again next summer 2019.

Do Thu Ha , Parent from Vietnam
